Promoting and protecting the health of the public and the environment.

PUBLIC NOTICE

For Informational Purposes Only

Beginning September 2005, SCDHEC - OCRM will begin publishing the public notices on Fridays instead of the current Thursdays. This change is due to an effort between the U. S. Army Corps of Engineers and SCDHEC - OCRM to produce public notices simultaneously. SCDHEC - OCRM still will reserve the right to hold off on placing a project on notice if items required by SCDHEC - OCRM are not received. These items may include, but are not limited to, adequate drawings, fees, Operations and Maintenance manuals or other items as deemed necessary by the project manager. All SCDHEC - OCRM in-house procedures and deadlines will remain in place.

Please contact Curtis Joyner or Tess Rodgers at 843-744-5838 for additional information.
